DAY 3:- FULL DAY TOUR OF MATANG WILDLIFE CENTRE AND KUBAH NATIONAL PARK (-/L/-)

- 0900hrs - Depart hotel for 40minutes drive to Matang Wildlife Centre. The centre is part of Kubah National Park and is Sarawak's main centre for wildlife rehabilitation. The rescued animals being rehabilitated here include orang utan, sun bears, bear cats, civet cats, sambar deer, barking deer, porcupines and crocodiles, all of which can be viewed in spacious natural enclosures.
- In the afternoon proceed to Kubah National park of an area of about 24 square kilometer. Kubah. Composed principally of sandstone, siltstone and shale, the plateau sandstone foundation has built a scrap-bounded range which includes Mt. Serapi, Mt. Selang and Mt. Sendok. This hardened sandstone foundation in the contour lines has caused the crystal clear and fast flowing head-waters of most streams to flow over a series of waterfalls.
- Rich in palms and orchids the park is also a haven for a wide variety of butterflies.
- Return to your hotel after the tour
